

Wärtsilä chart service guide

1. General

Wärtsilä publishes the following chart collections:

1.1. TADS—Transas Admiralty Data Service

TADS contains:

- SENC Cells—System Electronic Navigational Charts—charts are produced by countries which approve SENC distribution
- ENC Cells—Electronic Navigational Charts—charts are produced by countries which do not approve SENC distribution
- AIO Cells—Admiralty Information Overlay—provides access to the T&P notices from the Admiralty Notices to Mariners

1.2. TX-97—TRANSAS TX-97 Electronic Vector Charts

TX-97 are produced from chart data published by National Hydrographic Offices.

TADS and TX-97 are published every 3 (three) months on Base Issue medias; updates are published on Update medias every week. There are different ways of obtaining charts and update data, that depends on availability of an Internet connection.

3.2. “Chart Correction”

<https://wvssp.microsoftcrmportals.com/downloads/tx97/>

Used by the customers who have TX-97 and professional maintenance service and who do not use the Online Update capability provided by the Chart Assistant or Navi-Planner. Updates include Notices to Mariners only.

The screenshot shows a web browser displaying the Wärtsilä website. The top navigation bar includes 'Home', 'Marine', 'Energy', 'Customer support', and 'Insights'. A search bar is located on the right. Below the navigation, there are two columns: 'Support' and 'Terms & Conditions'. Under 'Support', the 'Digital data support' section lists several items, with 'TX-97 marine charts' circled in red. Under 'Terms & Conditions', the 'Terms & Conditions of Sale(s)/Purchase' section lists various terms, including 'WVL General Terms & Conditions of Sale', 'WVL General Terms & Conditions of Purchase', 'WVL Smart Support Services Terms and Conditions', 'WVL Smart Support Services Terms & Conditions for Project Partners', 'WVL Terms and Conditions for Cloud-Based Services', 'WVL Terms and Conditions for Digital Data Services', 'Modern Slavery Act', and 'Anti-slavery and Human Trafficking statement 2018 of Transas'.

The browser address bar shows the URL: wvssp.microsoftcrmportals.com/downloads/tx97/. The page content includes the Wärtsilä logo, a navigation menu with 'Home', 'My Support', 'Cloud SIM', 'Downloads', and 'Sign in', and a breadcrumb trail: 'Home > Downloads base > Downloads - Tx97'. The main heading is 'TX-97 marine charts correction service', updated on '26 October, 2020'. The contact information for 24/7 support is '+46 771 460 100' and 'Data.Support@wartsila.com'.

Under the heading 'Updates for products without Chart Assistant or Navi-Planner', there are two download items: 'readme.txt 121 Kb' and 'update.zip 2106 Kb'. Under the heading 'Updates for products with Navi-Planner or Chart Assistant', there are two download items: 'Catalogue44_WF89_TX97.zip 2836 Kb' and 'TX97-WF89.zip 25118 Kb', with the latter circled in red.

3.3. “Correction files”

3.3.1. TADS Correction files

<https://wvssp.microsoftcrmportals.com/downloads/tads/>

Used by TADS customers who do not use the Chart Assistant or Navi-Planner as tools for receiving updates online. These updates include both Notices to Mariners, new chart editions and latest TADS catalogues. TADS images can also be used for the first supply of charts and are intended to synchronize shipboard chart collections with the latest weekly update issue. After these files have been installed, all charts will be updated to the most recent version, and the size of updates received online will, therefore, be significantly smaller.
